

# Third Day - More To This

Album: Conspiracy No. 5  
 tabber: James The Beef----->J

I DIDN'T MEAN TO TAB THIS!!! Well, what I mean is, is that I was messing around with my amp turned off pretending that I was jamming with 3rd day when all of the sudden, what I was playing was what Tai Anderson (the bassist) was playing! Its only the verse, I'm working on the rest!

Try this out and tell me how it sounds:
