

## Third Day - Still Listening

Tom: B  
Intro: B B B (3x)

B B B  
There was time when I thought that I had You  
B B  
Figured out

B B  
I told You before and I'll say once more

B B  
Now and then I have my doubts

E B B B  
I'll never pretend to know what You are doing

Gb E B B B  
It's true that You move in mysterious ways

[CHORUS]

E  
I looked for You in

Abm  
The fire and the wind

Gb E B B B  
But You weren't there as far as I could see

E  
I thought I'd hear You shout

Abm  
But then I figured it out

Gb E B B B  
That all along You're whispering to me

B B B  
And I'm still listening

B  
Just when I thought that I had caught a glimpse of  
B B  
who You are

B B B  
You taught me a lesson I needed to learn

B B B  
Right from the very start

E B B B  
I never will be the man that I quite need to be

Gb E B B B  
But that's alright 'cause You're enough for me

And...Chorus

## Acordes
