

# Third Day - Trust You

Tom: C

Dm F G  
 I can't walk without watching where I'm going  
 I can't speak without knowing what to say  
 I can't love and have any hesitation

F C  
 Cause I know that you don't work that way

I can't reach without something to offer  
 I can't come now I am so ashamed  
 I can't hold out from you any longer  
 Cause I know that you don't work that way

(refrão)

Am F G  
 I'm not gonna fight you anymore

Am F G  
 Not gonna try to lock the door

Am F G

You took your life and gave me yours

F  
 There's no reason why

G C  
 I shouldn't trust you with mine

It's never easy changing my direction  
 It's so unnatural to loosen up my grip  
 Are you growing weary of all my good intentions  
 Cause I know that You don't work that way

(refrão)

Some days  
 This wait upon my shoulder

Is my shame  
 I know I should know better

Cause you say  
 That I must now surrender

There's no other way
