

Third Eye Blind - Good man

```
Intro: E
If you ever find a way to forgive me
If you ever find a way to put this all to rest
Because I'm hanging on your dress now like a little boy
When all that you wanted
All that you wanted was a good man
Right in the middle of another big fight
Boom back another one tonight
Blood never forgets but who protects the memories
When we bleed each other from the vein
And if you ever find a way to make this interesting
And if I ever find a way to stop disintegrating
Into pieces that I was, that you destroy
When all that you wanted
All that you wanted was a good man
Right in the middle of another big fight
Go to bed, it's getting light out
Why do you, why do you
Why do you always find me in the places when I'm coming down
And how do you do it when I'm overwhelmed by a violet sky
