

Thomas Rhett Akins - Beer Can?t Fix (feat. Jon Pardi)

tom:
 You're all alone at a party, you wanna dance with somebody
 But you ain't got a clue how to ask
 You and your girl had a fight and now she's sayin' goodbye
 She ran upstairs and packed her bags

[Pré-Refrão]
 It could be rainin' on your perfect vacation
 You could be stressed about your work situation
 Ain't gotta listen to me, but all I'm sayin'

[Refrão]
 Ain't nothing that a beer can't fix
 Ain't no pain, it can't wash away
 From the moment that it hits your lips
 Makes those clouds look a little less grey
 Oh, you could be lonely or heartbroken
 Or hungover from the night before
 Turn that frown into a smile real quick
 There ain't nothing that a beer can't fix

You're on a lake and you're fishin', it's hot and all that
 you're gettin'
 Is a little nibble here and there
 You're sittin' watchin' your team losin' that championship
 ring
 And you're feelin like life ain't fair

[Pré-Refrão]

It could be rainin' on your perfect vacation
 You could be stressed about your work situation

[Refrão]
 Ain't nothing that a beer can't fix
 Ain't no pain, it can't wash away
 From the moment that it hits your lips
 Makes those clouds look a little less grey
 Oh, you could be lonely or heartbroken
 Or hungover from the night before
 Turn that frown into a smile real quick
 Ain't nothing that a beer can't fix

Am D G Em x2
 [Pré-Refrão]

It could be rainin' on your perfect vacation
 You could be stressed about your work situation
 Ain't gotta save it for a special occasion
 [Refrão]
 Ain't nothing that a beer can't fix
 Ain't no pain, it can't wash away, no
 From the moment that it hits your lips
 Makes those clouds look a little less grey
 Oh, you could be lonely (lonely) heartbroken (heartbroken)
 Or hungover from the night before
 Turn that frown into a smile real quick (so quick)
 It might take one or it might take six
 Drink it down, it'll do the trick
 Ain't nothing that a beer can't fix
