

Thrice - Words In The Water

tom:
 Capostraste na 3ª casa
 Gm (forma dos acordes no tom de Em)

Standing Em D G knee deep in cold water C
 Em D G
 Swiftly moving, somehow C
 I knew I'd lost something C
 Wading Em D G waist deep I saw a book there in the river C
 Em D G
 Waiting for me to find it there C
 Em D G
 I tried to read it, neck deep, treading water C
 Em D G
 But the tide, it pulled me out to sea C
 Then, with water in my eyes C
 The words began to rise from their place Em
 They were beautiful and dread C
 I reached for them and fed on each phrase Em
 They were honey on my lips Am
 G C

But then a bitter twist in my side
 I knew they'd lay me in my grave Am
 G C
 "is there no one who can save me?" I cried
 Em D G
 Sinking, down deep through cold water and heavy silence C
 Em D G
 Shadows stirring in the gloom C
 Em D G
 What things that lay sleeping down deep in the darkness C
 Em D G
 Woke then C
 To find me in that tomb?
 And when I lost all hope to look G
 D
 Someone took that heavy book -
 C G
 From my hands; all its weight they set aside
 D C
 After they had satisfied its demands
 I felt white and black reverse Am
 G C
 And the lifting a curse from my heart
 Am
 Then like one receiving sight
 G C
 I beheld a brilliant light in the dark
