

Tiago Carvalho - Heaven Within

tom:

Intro: Em

[Primeira Parte]

I think I found heaven within
 Where all my wounds are healing once for all
 Will I be brave enough to let it all in?
 To climb it back after the fall?

I thought I'd lost my sanity
 I had a scary haze holding back my mind
 When the war is on, and the fighting begins
 You're just a lonely soldier afraid to fight

[Pré-Refrão]

I wanna get all nonsense out my life
 Take your hand and walk into the light

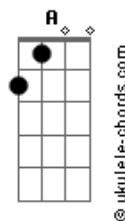

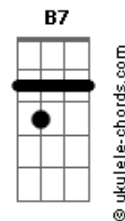

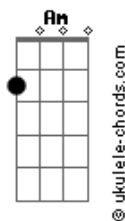

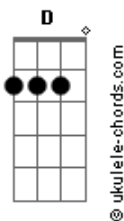

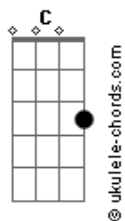

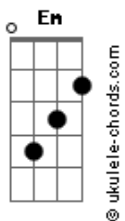

[Refrão]

Will you lead me to heaven?
 Will you lead me to heaven?
 Will you lead me to heaven, heaven, heaven
 Heaven within

[Segunda Parte]

The more I'd strife, the more I would bleed
 But I was terrified of the devil's eye

Acordes

I've had enough, I gotta give in
 If this is gonna be it, I'd rather die
 When your own mind is your worst enemy
 The agony will make you sorry for your sins
 When you have been down on your knees
 Then you can find Heaven within

[Pré-Refrão]

I wanna feel a love that I can't hide
 Take your hand and walk into the light

[Refrão]

Will you lead me to heaven?
 Will you lead me to heaven?
 Will you lead me to heaven, heaven, heaven
 Heaven within

[Ponte]

Will you show me?
 Can you lead me?
 Will you show me heaven within
 Will you show me?
 Can you lead me?
 Will you show me heaven within
