

# Tiago Carvalho - You And I

tom:

Intro: A D

I dream about you and I, 'cause you are my best friend  
 Come and see this trick of mine, I'll do it one more time  
 ( A )

Will you chase after me until the day is done?  
 Then we'll lay down by the trees and rest eternally  
 Look into my eyes and see the purest love there is to feel  
 And you'll know, I can't deny  
 I'll love you till the end of time

You saved me from rough times

I know I saved you too  
 But there is no time to cry  
 It is our time to shine

I'll keep you safe in every night  
 I'll fight for you, and if I die

I won't care  
 As long as you're fine  
 I'll love you till the end of time

Let this feeling merge our souls for evermore  
 There's a meaning for every step we're stepping on  
 Never leave me, for I won't last too much alone  
 We'll carry on, yeah

( A )

Time, let this feeling merge our souls for evermore  
 There's a meaning for every step we're stepping on  
 Never leave me, for I won't last too much alone  
 We'll carry on  
 It won't be long till we're one  
 Again
