

Tiago Iorc - Till I'm Old And Gray

tom:
 I wanna hold on to you
 Find us a corner for two
 When you grow older
 I'll be your shoulder, still
 And I will take you as my wife
 You take my soul, take my life
 I know I just met you
 But I want to take this ride You and I
 Never, ever, ever to return
 All I'm asking of you
 Let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
 All I'm asking of you
 Just let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
 I see our kids in the park
 Running around 'till it's dark
 And as they grow older
 We'll help 'em count the stars
 Over and over
 I will be where you are Never far

You'll never, ever, ever be alone
 All I'm asking of you
 Let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
 All I'm asking of you
 Just let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
 All I'm asking of you
 Let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
 All I'm asking of you
 Just let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
 All I'm asking of you
 Just let me be the one to
 Carry you
 I'll carry you home
 Till I'm old and gray
