

# Tiago Iorc - Till I'm Old And Gray

tom:  
 I wanna hold on to you  
 Find us a corner for two  
 When you grow older  
 I'll be your shoulder, still  
 And I will take you as my wife  
 You take my soul, take my life  
 I know I just met you  
 But I want to take this ride You and I  
 Never, ever, ever to return  
 All I'm asking of you  
 Let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray  
 All I'm asking of you  
 Just let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray  
 I see our kids in the park  
 Running around 'till it's dark  
 And as they grow older  
 We'll help 'em count the stars  
 Over and over  
 I will be where you are Never far

You'll never, ever, ever be alone  
 All I'm asking of you  
 Let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray  
 All I'm asking of you  
 Just let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray  
 All I'm asking of you  
 Let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray  
 All I'm asking of you  
 Just let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray  
 All I'm asking of you  
 Just let me be the one to  
 Carry you  
 I'll carry you home  
 Till I'm old and gray
