

Tim Halperin - All I Need

Tom: D

Intro: D Bm A

Steady hands and steady feet

Can you carry us to where we need to be

These plans, these quiet dreams

Are writing out the story of you and me

Pages filled with pencil marks

All along you've had my heart

Love you're all I need (ooo)

Love you're all I need

You're all I need

(D Bm A)

Every smile and photograph

We're finding ways to make these moments last

Anytime when I'm with you

I'm captivated by the things you do

Come on darling, move in close

I just want to let you know

Love you're all I need

Love you're all I need

You're all I need

(Bm Gbm G A)

When storms rise and we feel the thunder

In the times that we are left to wonder

I will be your rock, your home, your shelter

I believe

Love you're all I need

Oh love you're all I need

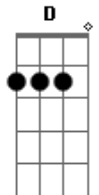

Love you're all I need

Love you're all I need

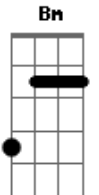

You're all I need

You're all I need
