Am F
Nocturnal poetry:

Dressed in the whitest silver, you'd smile at me

Every night I wait for my sweet Selene

Em
But, still

Am F
Solitude's upon my skin

A life that's bound by the chains of reality

Would you let me be your Endymion?

I would bathe in your moonlight and slumber in peace

Enchanted by your kiss in forever sleep

But until we unite I live for that night

Wait for time Two souls entwine

In the break of new dawn My hope is forlorn

Shadows, they will fade But I'm always in the shade

Without you

Am F
Serene and silent sky

Rays of moon are dancing with the tide

A perfect sight, a world divine

Em
And I

Am F
The loneliest child alive

Always waiting, searching for my rhyme

I'm still alone in the dead of night

Silent I lie with smile on my face

Appearance deceives and the silence betrays

As I wait for the time My dream comes alive

Always out of sight But never out of mind

And under waning moon Still I long for you

Alone against the light Solitude am I

In the end, I'm enslaved by my dream

In the end, there's no soul who'd bleed for me

Em
Hidden from daylight I'm sealed in my cave

Trapped in a dream that is slowly turning to a nightmare
Where I'm all alone.

Venial is life when you're but a dream

The book is still open, the pages as empty as me

But until we unite I live for that night

Wait for time Two souls entwine

In the break of new dawn My hope is forlorn

We will never meet Only Misery and me

This is my final call My evenfall

Drowning into time I become the night

By the light of new day I'll fade away

Reality cuts deep Would you bleed with me

My Selene
