tom:  
 G G Bm  
 We were living life so bleak  
 C  
 And I could barely breathe  
 D  
 I couldn't fall asleep sober  
 G Bm  
 You were?always?in my mind  
 C  
 I?imagined all the time  
 D  
 One day you?might be mine  
 G Bm  
 So girl, when I saw your light shine through  
 C  
 It blinded me with truth  
 D  
 I didn't have the blues anymore, girl  
 G Bm C  
 Show me what it's like to sing a better melody  
 D  
 'Cause I can finally see what I need, girl

 I want you in my world

 If you wanna be with me, girl

 I can get a little freaky with a Scorpio  
 G Bm C  
 Put a gun to my head  
 D  
 'Cause I like it rough  
 G Bm C D  
 Everyone's a little crazy when they fall in love

[Segunda Parte]  
 G Bm  
 Never thought that love was real  
 C  
 Until you helped me heal

 And showed me how to feel so good

 Now I think I understand

 I wanna hold your hand

 I wanna be your man so bad

 My little Scorpio  
 G  
 You make me feel alive again

 I really think it's meant to be

 Maybe everything they say is true

 The planets really do have power over you, baby
