

T.Mills - Diamonds

Tom: F
Intro: F - Am - C - Em - F - Am - Em

Chorus:
 We are diamonds, but we gonna shine forever
 like a diamond in disguise
 When they carry me home, when I'm gone
 Still be seen a million years after
 We are dia, we are dia, we are diamonds!

(SAME CHORDS ALL THE WAY THROUGH)
 Stand in the? can't get it back
 Money make the world go round!
 Got me living life fast, just like that
 It could all end right now.
 ..keep it up when it all falls down
 ..keep it up when it all falls down
 Cause this is how it feels when you find yourself
 Kinda like a diamond you mind yourself
 Mind over matter, time don't matter
 Remember to remind yourself!

Chorus:
 We are diamonds, but we gonna shine forever
 like a diamond in disguise
 When they carry me home, when I'm gone
 Still be seen a million years after
 We are dia, we are dia, we are diamonds!

I ain't got a price ? save my life
 I'mma live it up in the air

Thinking about? that will change my life
 Never said life was fair
 So the ?..keep it up when it all falls down
 ..keep it up when it all falls down
 Cause this is how it feels when you find yourself
 Kinda like a diamond you mind yourself
 Mind over matter, time don't matter
 Remember to remind yourself!

Chorus:
 We are diamonds, but we gonna shine forever
 like a diamond in disguise
 When they carry me home, when I'm gone
 Still be seen a million years after
 We are dia, we are dia, we are diamonds!

We don't wish our stones
 That's just how we are!

Chorus: (x2)
 We are diamonds, but we gonna shine forever
 like a diamond in disguise
 When they carry me home, when I'm gone
 Still be seen a million years after
 We are dia, we are dia, we are diamonds!
