

# T.Mills - Go For It All

Tom: Eb

(com acordes na forma de D )  
Capostrate na 1ª casa

I dont wanna be okay, I just need to hear you say  
When nothing really goes your way, tomorrow is a brand new day  
Let me help you ease your mind, Imma make you realize  
That tonights your night

Uh  
I just want you to fly like a first class ticket on a mission through the sky

Never listen to the lies, keep me racing to the moon  
I just be slighter than the whispers in the room  
And them critics just assume you will never get do  
All the things you really love, such a pessimistic view  
Well let me tell you like mama told me

Everything comes back, its never always gon be

So mama never home, and papa never sober

You gotta keep climbin, the top is never closer  
The truth is like a fight thatll take you to the white

And tomorrow gets brighter is you make it through the night, right?

You got it, they can never take it  
They just gonna hate it cus they could never make it  
Better days are coming in this thing called life  
When rain go away a rainbow will say

Its alright

I dont wanna be okay, I just need to hear you say

Its alright

When nothing really goes your way, tomorrow is a brand new day  
Its alright

Let me help you ease your mind, Imma make you realize

That tonights your night

So baby lets go for it all

Why? You can find a smile  
We done made it to the sky, we aint never comin down  
Remember all the nights you was wishin on a star  
I told you if you fight itll get you from them all  
See? You just gotta say  
And I will bring you blue skies Ill make all your fake friends go away

All they do is throw shade  
Its time to get the sunshine back and watch all these gray clouds blow away

Okay you got it, they could never stop it  
They just gonna hate it cuz they could never top it

And even if you block it theres gotta be a way out  
If our work pay off theres gotta be a pay out

Stay on start of bizzoc, stack your own brizzocks  
Into a building when you was feeling light

Giving up you never did  
So I just came to let you know that if you never hit  
Its alright

I dont wanna be okay, I just need to hear you say  
Its alright

When nothing really goes your way, tomorrow is a brand new day  
Its alright

Let me help you ease your mind, Imma make you realize  
That tonights your night

So baby lets go for it all

Keep your eyes to the skies

And baby, well go for it all

Dont ask why, thats just right  
So baby, lets go for it all

I dont wanna be okay, I just need to hear you say  
Its alright

When nothing really goes your way, tomorrow is a brand new day  
Its alright

Let me help you ease your mind, Imma make you realize  
That tonights your night

So baby lets go for it all
