

Tom Odell - Somehow

Tom: Ab

(com acordes na forma de G)

Capostrate na 1ª casa

I don't speak the language that you speak

There's some words, I know I'll never reach

When I see you smiling back at me

Somehow, somehow

I know exactly what you mean

Somehow, somehow

I know exactly what you mean oh oh oh

When you look, when you look a little hurt

Sometimes I sing, a song that I have learnt

I swear to God, there's no way you could have heard

But somehow, somehow

You sing every single word

Somehow, somehow

You sing every single word oh oh oh

Sometimes I go running in the dark

And I don't know, how to read the stars

But where I run, it don't matter how far

Somehow, somehow

I always end up in your arms

Somehow, somehow

I always end up in your arms oh oh oh

solo: G, D D D, Am, G G, Em Em7, G

Somehow, somehow

Somehow, somehow

No I don't know, what happens when you die

Just the thought, you know, it kind of blows my mind

When I look, when I look up to the sky

Somehow, somehow

I know that it will be alright

Somehow, somehow

I know that you will be beside oh oh oh
