

# Tom Odell - Valium / Come And Gone

Tom: **Eb**  
Intro: **Eb Bb Ab**  
**Eb Bb Ab**

**Eb**  
I'm not trying to be clever  
**Bb**  
But you said we'd last forever  
**Ab**  
Like the birds and bees  
**Eb**  
But we're really nothing more  
**Bb**  
Than the future that they sold  
**Ab**  
In the old movies  
**Cm**  
Bullet trains, too late  
**Ab** **Eb** **Fm**  
Sonic planes flying straight into the sun

**Eb**  
You have come and gone  
**Ab**  
Now you're just a number on my telephone  
**Cm** **Fm** **Bb**  
Just another reason for my valium, oh love  
**Eb** **Ab**  
Was that what you want?

**Bb** **Eb**  
I found that picture in my pocket  
**Bb** **Ab**  
Should I keep it, should I lock it, right away from you?  
**Eb**  
I guess it's just a girl and boy  
**Bb**  
Another broken polaroid  
**Ab**  
We threw away too soon  
**Cm**  
And like a music star  
**Ab**  
Your life fell apart  
**Fm** **Bb**  
Tonight singing your song  
**Eb**  
You have come and gone

**Ab**  
Now you're just a number on my telephone  
**Cm** **Fm** **Bb**  
Just another reason for my valium, oh love  
**Eb** **Ab**  
Was that what you want?

**Ab**  
Just another reason for my valium, oh love  
**Eb** **Cm** **Fm** **Bb**  
Was that what you want?  
**Eb**  
Tell me are you feeling bad?  
**Ab**  
If you heard this on the radio would it make you sad?  
**Cm** **Fm** **Bb**  
Maybe I should fill it up with pretty words, so wrong  
**Eb** **Bb**  
You have come and gone  
**Fm** **Cm** **Db**  
Yes, I guess you were the best but that I can't confess  
**Ab**  
Unless you want me too  
**Fm** **Cm**  
Time, it takes a little while  
**Db**  
It tells you that you're fine  
**Bb**  
Even if it ain't true  
**Eb**  
You've come and gone  
**Ab**  
Now you're just another of my saddest songs  
**Fm**  
Just another reason for my valium, oh no  
**Eb** **Bb**  
Was that what you want?  
**Eb**  
But tell me are you feeling bad?  
**Cm** **Eb** **Ab**  
If you heard this on the radio would it make you sad?  
**Cm** **Fm** **Bb**  
Maybe I should fill it up with pretty words, so wrong  
**Cm** **Eb** **F**  
You have come and gone  
**Ab** **Bbm**  
Time goes on  
**Eb**  
You have come and gone
