

Tom Rosenthal - Going To Be Wonderful

Tom: G

I heard you say, meet you in the long grass
 Something good at long last, and we're away
 Next to me, found you by the old tree, something we can both see

And we're away

Oh let's run away and not know where we're going to
 Let's go for today and it's all going to be wonderful

Oh oh oh oh

Far away, find us in the future, something in your nature

And we're away

What d'you say? Meet you by the seaside, somewhere we can both hide

And we're away

Oh let's run away and not know where we're going to
 Let's go for today and it's all going to be wonderful
 Oh let's run away and not know where we're going to
 Let's go for today and it's all going to be fine

Oh oh oh oh
