

Tom Waits - Hoist That Rag Solo

Tom: G

Hoist That Rag (guitar solo)
Guitar by: Marc Ribot
Album: Real Gone
Half-assed transcribed by:

I've noticed no one has really given this any shot on the net. The solo is in the key of Am. There are a few parts I haven't tackled, the chord-jam at the end being the most

difficult. I started it off, the notes are pretty dead on. The repeated motif [A] is an example of the notes. There are variations. So I hope this inspires someone to finish it off or add something. When you do, drop me a line.

P.S. If anyone has a recording or any pictures from the New Years 06 Electric Masada show @ Tonic, let me know. Or any Ceramic Dog bootlegs. Thanks
