

# Tom Walker - All That Matters

Tom: D

She said, "I was young once, darlin'  
 I never gave up  
 I've seen trouble come through my door  
 Rain poured down like there's no tomorrow  
 Raised three children in the same room  
 And 30 years later, I'll raise you  
 I watched him run out, he ain't come back  
 But that's just life, and I can't change that

"Darlin', trouble comes and trouble goes  
 But Tom, you really ought to know

"That love is all that matters in the end  
 Can't spend your money when you're dead  
 Can't live this life again  
 Yeah, it's messed up, but we got love  
 'Least we got love  
 That's all that matters in the e-end  
 Can't spend your money when you're de-ead  
 Can't live this life again  
 Yeah, it's messed up, but we got love  
 'Least we got love  
 That's all that matters in the end  
 That's all that matters in the end"

She said, "You can stay tough, darlin'  
 It runs in your blood  
 There were nights that I never slept  
 The world weighed heavy upon my chest  
 I took on cancer and I raved through  
 11 years later, still with you  
 So don't you ever give up on hope  
 'Cause you might break, but you won't stay broke

"Darlin', trouble comes and trouble goes  
 But Tom, you really ought to know

"That love is all that matters in the end  
 Can't spend your money when you're dead  
 Can't live this life again  
 Yeah, it's messed up, but we got love  
 'Least we got love  
 That's all that matters in the e-end  
 Can't spend your money when you're de-ead  
 Can't live this life again  
 Yeah, it's messed up, but we got love  
 'Least we got love

That's all that matters in the end  
 I said, "I swear I'm gonna do you proud," oh-oh, oh-oh oh-oh  
 Hold on to all this love I found  
 When I'm old, I'll say the same things to my kids  
 Give 'em what you gave me  
 I'll tell 'em everything you said

"That love is all that matters in the end  
 Can't spend your money when you're dead  
 Can't live this life again  
 Yeah, it's messed up, but we got love  
 'Least we got love  
 That's all that matters in the e-end  
 Can't spend your money when you're de-ead  
 Can't live this life again  
 Yeah, it's messed up, but we got love  
 'Least we got love  
 That's all that matters  
 Yeah, it's messed up, but we got love  
 'Least we got love  
 That's all that matters in the end  
 That's all that matters in the end"
