

Tom Walker - Fly Away With Me

Tom: F

Riff Inicial: D B F

D B F
I'm strummin on the corner

D
About to catch the last train home

B F
I'll have to jump the barriers
So can you spare a penny for my thoughts

D
I've been praised upon the pavements

B F
Passers by don't pay much
Chased away by neighbours

D
Seen things you couldnt make up

B F
If the streets could talk they'd tell a story or two
I'll paint a picture for you

Pré-refrão:

C
I can tell you what it feels like

B
To lose your home on a cold night

C
Can you see the blood in my red eyes
D B C B
Have another total forget life

Refrão:

F
So come on fly away with me

C D F B
To a place where we could be anyone we wanna be

F
And we can bottle up our fears

C D
Grow a taste so sweet

F B
Knock us off our feet and more

C
Burn our troubles

D
Inhale them all

B F B
Paint our future on a fractured wall

C
So come on fly away with me

D F
To a place where we can be anyone we wanna be

D F
Still in the station when I wake up

No ones got a penny for my flaws

Imma sleep upon the pavement
