

Tony Brundo & Nico Bruno - Firestone

tom:

Intro: Gbm D A E

Gbm D
I hope you will love everything
Like all the moments we spent together
Like all the time you said: Forever
Gbm D
I woke up in the middle of the night
Saw your face, but you weren't by my side
Fall into pieces, a million pieces tonight

D Bm
But where are you now?
You broke our vow
The gravity and the space around
Got fire on my mind
I paint my life while I sing: Ocean Eyes

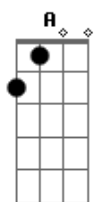

Gbm
My home doesn't feel like it's home
What did I do before to be left here alone?
'Cause you know that it hurts, oh, it hurts
Like firestones

Gbm
Teardrops pouring from the sky
The sky is my eye
The clouds are my mind
'Cause you know that it hurts, oh, it hurts
Like firestones

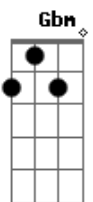

Gbm D
I was so used to the noise of your heart
Now only silence that hushes every sound
Even though one day it will fade
Gbm D
And we both know how much we minimized
We are survivors, fighting and still alive
I promise one day I will find peace

D Bm
But where are you now?
