Tom: C  
Intro: Am G  
Am G

Am  
As I look into your eyes  
I can see that you wanted me to love you  
You wanted to be mine  
E G Am  
You said that it was wrong  
You loving me, me loving you  
G  
But you had a desperate heart  
E G  
And so did I  
Am  
Dreams that we made, were they only me  
G  
How could you let it go so far  
E G  
You was calling out my name  
Am  
As we made love through the night  
G  
You told me that you love me but your gone  
E G  
Now your gone  
Am  
So I walk into the world of tomorrow  
G  
Hide behind the range of sorrow  
Am  
Dream of a love that could have been  
G  
But now your gone forever  
E G  
My love, my girl  
Am G E G  
Just like the wind  
Am G E G  
Just like the wind  
Am  
How many times deep down inside  
I asked the question why  
G  
If you loved me like you said you do  
E G

Why aren't you by my side  
Am  
Well I do know that there's no hope  
If you don't give our love a try  
G E G  
Steal my heart, cause me to cry  
Then push me aside  
Am  
Act like you never loved me  
G  
When i can see love through your eyes  
E G  
You'd finally realize  
Am  
That I'm standing all alone  
As you walk away  
G  
A'll take the fault girl  
E G  
With nothing else to say  
Am  
So I walk into the world of tomorrow  
G  
Hide behind the range of sorrow  
Am  
Dream of a love that could have been  
G  
But now your gone forever  
E G  
My love, my girl  
Am G E G  
Just like the wind  
Am G E G  
Just like the wind  
Am  
So I walk into the world of tomorrow  
G  
Hide behind the range of sorrow  
Am  
Dream of a love that could have been  
G  
But now your gone forever  
E G  
My love, my girl  
Am G E G  
Just like the wind
