

Tori Kelly - All I Want

tom:
 Like the rains wants to fall
 And the Sun wants to shine
 I want you close to me every night
 Like the earth wants to spin
 And the fire wants to burn
 I want you here through the highs and the hurt
 Oh-oh I bet that I would find you in every lifetime
 The only heart that crazier than mine
 I can hear a symphony, yeah
 All I want is you next to me (oh)
 If you're the question
 I'll be the answer
 If you're the music
 I'll be the dancer
 And when we get older
 We're gonna stay young
 ?Cause today and always
 You're all that I want
 Like the grass wants to grow
 I wanna run anywhere that you go
 Like the waves wanna break
 And my hands wanna hold

I wanna love you until I'm a ghost (oh)
 I bet that I would find you in every lifetime
 The only heart that crazier than mine
 I can hear a symphony, yeah
 All I want is you next to me (oh)
 If you're the question
 I'll be the answer
 If you're the music
 I'll be the dancer
 And when we get older
 We're gonna stay young
 ?Cause today and always
 You're all that I want
 If you're the question
 I'll be the answer
 If you're the music
 I'll be the dancer (I'll be the dancer)
 And when we get older
 We're gonna stay young
 ?Cause today and always
 You're all that I want (you're all that I want)
 (Ab Eb Fm Eb)
