

Tori Kelly - The Lie

Tom: G
Intro: Em G Em G

[Riff]

I need some closure
 Feel like the chip fell off my shoulder
 Over exposure
 Open my wounds and make me close up
 I got everything that I thought I'd like
 Simple memories, we were stained like wine
 It's pouring over
 Coursing my veins, leaving me sober
 But they told me, the more the better
 Guess the joke's on me, same old song, I cry
 Lie, lie, lie
 Mmm (Uh)
 Lie, lie, lie
 They lie, lie, lie
 Mmm (Uh)

Lie, lie, lie
 I hate rollercoasters
 Them ups and downs get me no closer
 Played my role and did what I'm supposed to
 They say, "She's heating up," but I feel colder
 Mmm, pour the gasoline, set my dreams on fire
 Smoking on my mist 'til it burns my eyes
 I'm moving blind now
 An empty heart is not a hideout
 Oh, they told me, the more the better
 Guess the joke's on me
 Same old song, I cry
 Lie, lie, lie
 Mmm
 Lie, lie, lie
 Don't believe the lie, lie, lie
 Mmm
 Lie, lie, lie
