

# Tove Lo - Paradise

Tom: C

C  
 Touch you once, my fingers go numb?  
 Hold my breath one second too long?  
 F  
 Fainting others when I wake up  
 ?You'll be gone, you're all that I got  
 C  
 Being with you, my natural high  
 ?Still got every single butterfly  
 ?F (C)  
 Just what they all wish that they had  
 F (C)  
 So intense, it's driving me mad  
 ?F Am  
 So into you now

F  
 Said I want you for a million days  
 ?Am C  
 You say you want the same with me  
 ?F  
 With love for real without the lies  
 ?Am C  
 Is that what they call paradise?  
 ?F Am  
 All of you wanna be in it?  
 C  
 Paradise  
 ?F Am  
 All of you wanna be in it  
 ?C  
 Paradise

C  
 Dark days when I'm feeling the doubt  
 ?Bring me back, you're light of my life?  
 F  
 You sweep all my worries away  
 Brush me off, now I'll be okay  
 C  
 Right this way forever and on  
 ?When I drown, I feel like I've won  
 ?F (C)  
 'Cause I made it all the way through  
 F (C)?  
 Tear in love, a lifetime with you  
 F Am  
 ?So into you now

F  
 Said I want you for a million days?  
 Am C  
 You say you want the same with me?  
 F  
 With love for real without the lies
