

Tove Lo - Scars

Tom: C

Intro: Dm C G

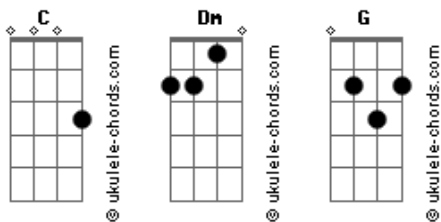

Dm (dedilhado)
 Scars we carry
 Carry with memories, memories burned by the dark
 Try to see clearly
 Tears we bury
 Bury in vain cause the pain got us falling apart
 Try to see clearly

Dm
 Now let the healing start
 C G
 The fires out of guns
 Dm
 We keep it in our hearts
 C G
 We're like a thousand suns
 Dm
 Ooh, yeah, every day, step by step
 C G
 We dare to love again
 Dm
 And if we lose our grip
 C G
 Meet you at the end

Dm
 Know they're cutting you deep
 C
 Feel the scars in your sleep
 G
 What didn't kill us made us stronger
 Dm
 Stories left on our skin
 C
 Wear them with everything
 G
 What didn't kill us made us stronger

Dm (dedilhado)

Acordes

Don't feel lonely
 Loneliness kills all the thrill
 From standing alone
 Try to see clearly
