

Tracy Chapman - Be Careful Of My Heart

Tom: C

Riff:

Dm F C

You and your sweet smile
 You and all you tantalising ways
 You and your honey lips
 You and all the sweet things that they say
 You and your wild wild ways
 One day you just up and walked away
 Oh you left me hurting
 But I can forgive you for that now
 You taught me something
 Something it took me have my life to learn
 When you give all yourself away
 Just tell them to be careful of your heart

Be careful of my heart, heart
 Be careful of this heart of mine
 Be careful of my heart, heart
 It just might break and send some splinters flying
 Be careful of my heart, heart
 Riff 1x
 Be careful
