

# Tracy Chapman - Be Careful Of My Heart

Tom: C

Riff:

Dm F C

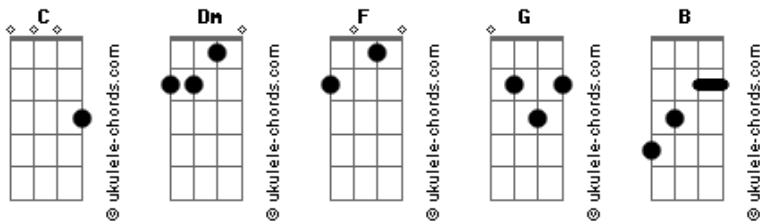

You and your sweet smile  
 You and all you tantalising ways  
 You and your honey lips  
 You and all the sweet things that they say  
 You and your wild wild ways  
 One day you just up and walked away  
 Oh you left me hurting  
 But I can forgive you for that now  
 You taught me something  
 Something it took me have my life to learn  
 When you give all yourself away  
 Just tell them to be careful of your heart

Be careful of my heart, heart  
 Be careful of this heart of mine  
 Be careful of my heart, heart  
 It just might break and send some splinters flying  
 Be careful of my heart, heart  
 Riff 1x  
 Be careful
