

# Tracy Chapman - Spring

Tom: G

(intro 2x)

(repetir a introdução ao longo da musica)

**Cm**  
 There's a cloud, there's a cloud  
**Bb C Cm**  
 A blue sky darkening  
**Cm**  
 That veils the light of the sun  
**Bb C Cm**  
 And foretells the rain  
**Cm**  
 But there's a bird, there are birds  
**Bb C Cm**  
 And some are singing  
**Cm**  
 To greet every new day that may come  
**Bb C Cm**  
 Like the first of spring

(intro)

**Cm**  
 It is cold, it is cold  
**Bb C Cm**  
 I've had the feeling  
**Cm**  
 At the heart and in the core  
**Bb C Cm**  
 The roots of all things  
**Cm**  
 But there's a bud, there's a bulb  
**Bb C Cm**  
 It will be glooming

**Cm**  
 To greet every new day that may come  
**Bb C Cm**  
 Like the first of spring

( **Cm** )  
**Bb C Cm**  
 Spring  
 ( **Cm** )  
**Bb C Cm**  
 Spring

**Cm**  
 It is late, it is late  
**Bb C Cm**  
 As I watch waiting  
**Cm**  
 It will go, come turn away  
**Bb C Cm**  
 The cycle cycling  
**Cm**  
 There's a face with new eyes  
**Bb C Cm**  
 A baby crying

**Cm**  
 Who'll greet every new day that may come  
**Bb C Cm**  
 Like the first of spring

( **Cm** )  
**Bb C Cm**  
 Like the first of spring  
 ( **Cm** )  
**Bb C Cm**  
 Like the first of spring  
 ( **Cm** )  
**Bb C Cm**  
 Like the first of spring
