tom:

 C  
 I'll always meet you in the middle  
 F  
 Baby please don't go away

 We can beat this, just believe and stay  
 Am  
 I stumble out of bed into my local drinking place  
 G  
 I think I need to poison me to get us back on the same page  
 C  
 I'm sick of feeling  
 Sick of thinking

 The barman asks how many, so  
 E  
 I open up and I explain  
 Dm  
 One  
 For the jealousy that rips her world apart  
 Em

 F G  
 Am I a man, am I a freak?  
 Is mine a greedy heart?  
 A  
 We were all just almost chimps  
 G  
 I've read the history, that's at least a start  
 Em C  
 But given how alike we are, what makes our differences so hard?  
 Am  
 I spin in circles  
 G  
 How can I explain the way I love?  
 F  
 I go to pieces  
 G  
 God, I miss you but it's not enough  
 Am G  
 I know the pain you feel is like a thousand tiny cuts

And so, in search of justice  
 E  
 I will grab the nearest knife and count

 I'll do my best  
 Em  
 ?Cause you're the choice that I'll make  
 My life with you is everything  
 F  
 And tell me how we doom to say  
 I know it's changed  
 G  
 But we can get through anything  
 Anyway

 And even if you love me less  
 I'll do my best  
 Em  
 ?Cause you're the choice that I will make  
 My life with you is everything  
 F  
 And If I could try again, go back  
 G  
 And live this life until the point where I decide  
 To take your heart and roll the dice

 I'd do it all

I'd give a lifetime

For the jealousy that rips your world apart

Two (aa-aa-ah)  
For the hurt that's been inside you from the very start

Three (aa-aa-ah)  
'Cause it's me this time who's done you wrong

Because I wanted it all

Because I wanted it all, and

Four (aa-aa-ah)  
'Cause there's more and I'm gonna tell it all

I feel alive (five) (aa-aa-ah) and I won't lie I've got my selfish thoughts

I get to six (aa-aa-ah) I witness sickness from your broken heart

Because I wanted it all

Because I wanted it all

Because I wanted it all

Because I wanted it all

Because I wanted it all  
Because I wanted it all

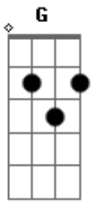

Because I wanted it all

Because I wanted it all

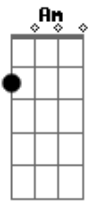

Because I wanted it all

Because I wanted it all
