

# Trapdoor Social - Science Of Love

tom:

Intro: G Em

[Primeira Parte]

G  
I, I see you pass your days  
Em  
In outer space

The distance saves you  
G  
What your mind wouldn't do  
Em  
Not to be confused

D  
Would it cut you loose

[Refrão]

C  
Oh  
Em  
The world expands  
G  
Cause its filling up with all your big plans  
C  
Em  
You wanna show them that you were right  
G  
C  
You wanna soak up her love like starlight shines

But you really don't know  
Em  
If you're seeing something real or it's bouncing off the snow  
C  
Em G  
Until it's melted in your hands

[Segunda Parte]

G  
All, All the things you invent  
Em  
Just to have a single friend

You call it heaven sent  
G  
And to lasso all the stars  
Em  
Down slipstream boulevards

You think they'll take you far

[Refrão]

C  
Oh  
Em  
The world expands  
G  
Cause its filling up with all your big plans  
C  
Em  
You wanna show them that you were right  
G  
C  
You wanna soak up her love like starlight shines  
But you really don't know  
Em  
If you're seeing something real or it's bouncing off the snow  
C  
Em G  
Until it's melted in your hands

[Ponte]

Em  
A  
It's done, the blueprint of her love  
Am  
D  
You drew it when she wouldn't stay  
Em  
A  
Mixed up in oxygen and blood  
Am  
D  
It's matter enough to weigh

( C Em G C )
