

Travis - A Different Room

Tom: Ab

(com acordes na forma de G)

Capostrate na 1ª casa

Em G
Once a while
I see what's going on
And disappear
Into the world behind the one that's here

G
It never lasts
As long as a dream can last
And then I'm back
Into the ways
That make the days go fast
So grab my hand and make it last

D Am Em
And hold me close
Don't leave so soon
Let all the flowers bloom
And don't let go
Or I will blow
Away into a different room

G
Is it so strange?
Tell me you feel the same
Or shut my mouth

G D G Em
I can't pretend I haven't said it now
Let's just pretend
Our numbered days won't end
Infinity
This endless space and time four you and me
And yours and mine, forever we

D Am Em
Will hold me close
Don't leave so soon
Let all the flowers bloom
And don't let go or I will blow
Away into a different room

Am C Em D
And there's no door to get me back, to get me back there
There's no window to see
I tell myself that it was no, that it was nowhere
And all becomes a dream

D Am Em
Hold me close
Don't leave so soon
Let all the flowers bloom
And don't let go or I will blow
Away into a different room
