

Travis - Before You Were Young

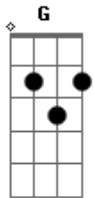

Tom: G

Intr. (G D Em D G)

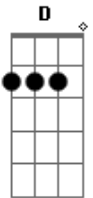

G D
In the days before you were young
Em
We used to sit in the morning sun
D
We used to turn the radio on
G
What happened?
G D
We'd see our lies in the eyes of faith
Em
And take our cradles to the grave
D
Well even then we never saved
C
From danger
C Em
And if you ever leave me come
I will be there waiting
D
Waiting for you know i will
I love you for ever
I'll never say never G
G D
Bet i've only got two hands

Em
And i'll never learn to dance
D
I'll never get a second chance
G
Whatever
D
I'll take the breath away from your sighs
Em
And whipe the tears away from your eyes
D
And hope the fire never dies
C
Inside you
C Em
And if you ever leave me come
I will be there waiting
D
Waiting for you know i will
I love you, i love you, i love you... G
Solo (G D Em D G)
