And take our cradles to the grave ^{Em}
Well even then we never saved ^D
From danger ^C

And if you ever leave me come
I will be there waiting

Waiting for you know i will
I love you for ever
I'll never say never ^G
^G ^D
Bet i've only got two hands

And i'll never learn to dance ^{Em}
I'll never get a second chance ^D
Whatever ^G
I'll take the breath away from your sighs ^D
And wipe the tears away from your eyes ^{Em}
And hope the fire never dies ^D
Inside you ^C

And if you ever leave me come
I will be there waiting
^D
Waiting for you know i will
I love you, i love you, i love you... ^G
