Tom: A

(com acordes na forma de Dm)

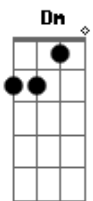

C G Dm
 The snow was falling on his shoulders by the side of the road
 Dm
 And he watched as the sun went down
 C
 Falling on the building
 G
 Swallowing the children
 Dm
 It's the gun in your back
 It's the heart attack
 C G
 It's the way you look back before you step out
 Dm C G
 In time to see the number of the bus that's running you down
 Gm F C
 A million lonely people with their head in the sand
 Gm F C
 Trying to make some sense of what they don't understand
 Gm F C Bb
 Waiting on somebody just to give them a hand, Heyyyy
 Dm C G

You're designed to fall apart on the day the warrenty ends
 Dm
 And you try but you just can't stop
 C
 Running round in circles
 G
 Knocking over hurdles
 Dm
 It's the knife in your back
 It's the heart attack
 C G
 It's the way you look back before you step out
 Dm C G
 In time to see the shadow of the one that's cutting you down
 Dm G
 The snow was falling on his shoulders by the side of the road
 Bb A
 And he watched as the lights came on below
 Dm
 And the children were sleeping
 G
 And the women were weeping
 Bb A
 There was nobody keeping him here
