

# Travis - Idlewild (feat. Josephine Oniyama)

	tom:	She won't learn
		C
		Sleep to love and your bed starts burning
		Bm
		So close to midnight
		Em
		Idlewild
		C
		You don't know
		Bm
		You never need to
		Em
		Here we lie
		C
		High and dry
		Bm
		The world will never see you 'till you open your eyes
		Em
		Say goodnight
		C
		Kill the light
		Bm
		The world will never hear you tonight
		Bm Em C
		Idlewild
		Bm
		Idlewild
		Bm
		Whether or not that wise is the word for us
		That high hopes are only there because, because
		Em
		Because I thought the only thing between us
		C
		Was something shallow not a river so deep (we see us)
		Bm
		Dredge up the wreckage our parents left us
		Bm
		Lay it on the banks to rot and fester
		Em
		Now it's (scarlet and) hanging like a death star
		C Bm
		And Gretna Green dark and Manchester
		Bm
		I don't want to hear it now
		Em
		Here we lie
		C
		High and dry
		Bm
		The world will never see you 'till you open your eyes
		Em
		Say goodnight
		C
		Kill the light
		Bm
		The world will never hear you tonight
		Idlewild
		Em
		For two years he tried to reach her
		C
		Worshipped the ground beneath her
		Bm
		She, she was always running
		Bm
		He, he saw the end was coming
		Em
		But now the story takes a turn
		C
		She wakes up and her sheets are burning
		Bm
		Head down against the fire
		Bm
		Now, now, now the table turns
		Em
		Em
		Intro: Em C Bm G
		Em C Bm
		Em C Bm
		Em
		It was upon a row of houses
		C
		Tight skirts and baggy trousers
		Bm
		Green men and cheap disguises
		Bm
		High hopes and higher rises
		Em
		Who lived a girl who was on a mission
		C
		Who lived a boy who was under suspicion
		Bm
		Tried hard to stay beside her
		Bm
		Until the devil put his seed inside her
		Em
		How?
		Em
		You know how
		C
		Sleep to love and the sand runs out
		Bm
		So close to midnight
		Em
		Time to fly
		C
		Do or die
		Bm
		Stoned in the headlights
		Em
		Here we lie
		C
		High and dry
		Bm
		The world will never see you 'till you open your eyes
		Em
		Say goodnight
		C
		Kill the light
		Bm
		The world will never hear you tonight
