

Vicente Jr. Trepidants - All Love

tom:

Intro: G7M Gb Am D Eb
Em Cm D D D7-

Well I see no reason for you to cry
I love you, you think that's fine
When our bodies become just one
Like a song in only a choir
All my love, my will, my life and death
Belong to you unless you don't love me anymore
There's no sore upon my soul
You are my dreams and my anxiety

[Solo Parte 1]

You'll be my run, my uncertain destiny

[Solo Parte 2]

You are my dreams and my anxiety

You'll be my ruin, my uncertain destiny
What's going to be done with me
There's no more love left
I love you more than myself
All my love I gave to you
And besides I because a fool
To stay with you
There's no more love left
I love you more than myself
All my love I gave to you
And besides I because a fool
To stay with you

Cha lá lá lá lá lá lá lá
Cha lá lá lá lá lá lá lá
Cha lá lá lá lá lá lá lá
Cha lá lá lá lá lá lá lá
