

# Trevor Hall - All I Ever Know

Tom: G

(intro)

(verso)

(refrão)

(refrão)

(refrão 3) C D Em G (Power Chords)

(intro)

(verso)

Stuck in the storm but there's no need to mourn  
 You're my roof, you're my shelter your love keeps me warm  
 We sail a-way  
 You and I

Oh thunder all around waves up and down  
 But I hold to this song I hold to the sound  
 So come what may  
 You and I

(refrão)

We put the stars to shame  
 What can I say  
 The earth it turns but we never fade away  
 Forever hold on  
 Forever stay close  
 All I ever need you'll be all I ever know

You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know

You'll be All I, All I ever know

(intro)

(verso)

Ah yeah wake from my slumber  
 Swallow above us  
 Time falls away and the spell that we're under  
 I don't fear  
 You and I

As we let go of all this  
 Nothing we don't miss  
 Pleasure explode and the second we kiss  
 Baby I don't fear  
 You and I

(refrão)

We put the stars to shame  
 What can I say  
 The earth it turns but we never fade away  
 Forever hold on  
 Forever stay close  
 All I ever need you'll be all I ever know

You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know

(refrão 3)

We put the stars to shame  
 What can I say  
 The earth it turns but we never fade away  
 Forever hold on  
 Forever stay close  
 All I ever need you'll be all I ever know

You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know

You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I, All I ever know  
 You'll be All I, All I ever know

Stuck in the storm but there's no need to mourn  
 You're my roof, you're my shelter your love keeps me warm  
 We sail a-way  
 You and I
