

# Trevor Hall - Dust

Tom: Db

(com acordes na forma de  
Capostrate na 1ª casa  
Intro: Am C Am

Am C  
Well I've been told of a hurricane,  
Am  
The type of love where you forget your name  
Am C  
I ask the question almost every day,  
G  
When will it find me?

Am C  
All around me castles falling down,  
Am  
But they were never real anyhow  
Am C  
And through the story and through the sound  
G  
Come up above me

C )

C  
Who am I  
Am  
But the dust of the most high  
G  
Drifting like I live in the summer sky  
Hoping that one day I will see  
F  
That what's inside of you  
G  
Is what's inside of me  
  
Out in a mist on a simple town  
Where constellations grow from the ground  
Where trees whisper such a common sound  
Do you remember?  
  
So many seeds we have planted in this soil  
As we wait for it to boil,  
Mamma told me it wont spoil,  
Remain loyal to her king,  
As he laughs and whips and sings  
Will I ever have the vision of no division?
