

# Trevor Hall - Good Rain

Tom: G

 If there's a hole in your sole you better fill it  
 If your cup is overflowing don't spill it  
 Ya better hold it while the whole world's spinnin around

 If your eyes look down on another  
 Just remember that he's your own brother  
 This kinda love ain't gonna go under I found  
 That when ya love one another only good rain comes down

 If you feel like you've stopped learning  
 If the wood in your fire ain't buring  
 Ya better spark another match start turning the wheel
