

# Trivium - Until The World Goes Cold

tom:

**Bm**  
As I climb through dirt and mud

**Bm**  
I'm sinking under

**Bm**  
In a grave of life that was

**Em**  
I saw a light

**G**  
I turned my back on everything

**Bm** **A**  
I search for half-remembered dreams  
(Pulling me down with you)

**Em** **G**  
Above my head, they're circling

**Bm**  
The vultures want what's left of me

**A**  
I sacrificed it all and I will fight

**Em** **G** **Bm**  
Until the world goes cold

**A**  
This battle's burned all that I've known

**Em** **G** **Bm**  
Until the world goes cold

**A**  
Nothing will keep me from this throne, I'll fight

**Bm**  
Until the world goes cold

Until the world goes cold

**Bm**  
As I build my house of bones

You're sinking under

For all your sins, you will atone

**Em**  
I burned it down

**G**  
I turned my back on everything

**Bm**  
I search for half-remembered dreams  
(Pulling me down with you)

**Em** **G**  
Above my head, they're circling

**Bm**  
The vultures want what's left of me

**A**  
I sacrificed it all and I will fight

**Em** **G** **Bm**  
Until the world goes cold

**A**  
This battle's burned all that I've known

**Em** **G** **Bm**  
Until the world goes cold

**A**  
Nothing will keep me from this throne, I'll fight

**Em**  
Until the world goes cold

**G** **Bm**  
This battle has burned all

**A**  
I'll fight forevermore
