

Trixie Mattel - I Know You All Over Again

tom:

Intro:

[Primeira Parte]

I don't smell you in my sheets

I don't hear you in the hall

Without your cologne, or calls on the phone

I don't know you at all

And I'm growing older, I know that we're over

The way we always had been

But then I see you,

And I know you all over again

[Segunda Parte]

And I don't leave you in the night

I don't up and go away

No green in your eyes, or teary goodbyes

No one cries on the plane

I know I'm adjusting, I know I should just think

Of where I'm going, and not where I've been

But then I see you,

And I know you all over again

[Refrão]

Is it wrong if I listen, to the songs that we lived in,

The stories are staying the same

I lie by the speaker, just getting weaker

Until I remember your name

[Terceira Parte]

I don't call you when I cry

I don't stay the day in bed,

Mostly I'm fine, Most of the time

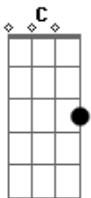

I get by like I said

Of lonely "if only's" and then

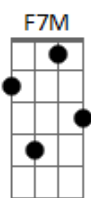

And then I see you, and I know you all over again

And then I see you, and I love you all over again
