                                                                 Welcome - Shine on
                                                                 Dm
  Introdução:
                                                                 Here you'll find so many things that
                                                                 Surely you once lost
                                                                 Dm
Do you know the oldest song of earth?
                                                                 Ancient treasures, maybe great secrets...
                                                                                  Dm
                                                                 Secrets of tunes
Deeper than the sea...
Its been writen by the immortal charmed beigns
                                                                 (Solo Violino Parte 3)
If you listen to a little piece of this pastplay
                                                                 Dm
                                                                 We are back to bring you beauty and may be delights
You could wander till the rest of your days
                                                                 Dm
                                                                 Screaming louder our coloured hyms
Come with me, may I'll show you some tunes of this dance
                                                                 Always getting high
Leave away the old to become the new
                                                                 Dm
                                                                 We are the people of Danu
Look out.. now your dreams can hunt you down even you wake
                                                                      C
                                                                 You know - surrender
                                                  G
                                      Am
Float with me to forget the rest you used to concearn
                                                                 Dm
