```
Stuff in my apartment D7 G7
She's never getting back
                          A7
          С
And as her smell on my pillow fades
D7 G7
Her cigarettes might stay
   C A7
Like a Roman Coliseum
D7
             G7
A dry and worthless monument to our love
C
                   Α7
Ooh I still have your lighter
D7
             G7
Ooh I still have your book
                              D7
             Α7
C
Ooh I still have everything you brought
            G7
But you never took
               Α7
C
You know where to find me
 D7 G7
And I know where to look
