[Terceira Parte]

G D  
 Like a little splinter buried in your skin  
 C  
 Someone else can carve it out  
 D  
 But when you've got the pin  
 G  
 It hurts a little less  
 D  
 And you can even push it further in  
 C  
 When your body's screamin' out  
 Trust your mind's listenin'  
 G D  
 Like a silhouette that you can barely see  
 C  
 As a shadow cast upon the ground  
 D  
 Where you'll eventually  
 G  
 Lay forever, but the day goes on  
 D  
 The Sun moves behind you  
 C  
 You get taller, bolder, stronger  
 And the rearview only blinds you
