

Twenty One Pilots - Friend Please

Tom: G

I feel for you but when did you believe you were alone
 You say that spiders crawled inside and made themselves a home
 Where light once was

Petrified of who you are and who you have become
 You will hide from everyone, denying you need someone
 To exterminate your bones

Friend, please remove your hands from
 Over your eyes for me
 I know you want to leave but
 Friend, please don't take your life away from me
 (Am Em Am Em)

Living like a ghost you walk by everyone you know
 You say that you're fine but you have lost your sway and glow

So I stopped by to let you know

Friend, please remove your hands from
 Over your eyes for me
 I know you want to leave but
 Friend, please don't take your life away from me

Would you let me know your plans tonight
 'Cause I just won't let go 'til we both see the light
 And I have nothing else left to say
 But I will listen to you all day, yes I will
 (Am Em Am Em D B)

Friend, please remove your hands from
 Over your eyes for me
 I know you want to leave but
 Friend, please don't take your life away from me
