

Twenty One Pilots - Migraine

Tom: C

Am I the only one I know
 Waging my wars behind my face and above my throat?
 Shadows will scream that I'm alone

2x C F Am G

I - I - I - I - I've got a migraine
 And my pain will range from up, down and sideways
 Thank God it's Friday 'cause Fridays will always
 Be better than Sundays 'cause Sundays are my suicide days
 I don't know why they always seem so dismal
 Thunderstorms, clouds, snow and a slight drizzle
 Whether it's the weather or the letters by my bed
 Sometimes death seems better than the migraine in my head

Let it be said what the headache represents
 It's me defending in suspense, it's me suspended in a
 defenseless test
 Being tested by a ruthless examinant
 That's represented best by my
 Depress...ing thoughts
 I do not have writer's block, my writer just hates the clock
 It will not let me sleep, I guess I'll sleep when I'm dead
 And sometimes death seams better than the migraine in my head

Am I the only one I know
 Waging my wars behind my face and above my throat?
 Shadows will scream that I'm alone
 But I know we've made it this far, kid
 Yeah yeah yeah!

I am not as fine as I seem, pardon
 Me for yelling, I'm telling you green gardens

Are not what's growing in my psyche, it's a different me
 A difficult beast feasting on burnt down trees
 Freeze frame please, let me paint a mental picture portrait
 Something you won't forget, it's all about my forehead
 And how it is a door that holds back contents
 That make Pandora's Box's contents look nonviolent

Behind my eyelids are islands of violence
 My mind's shipwrecked, this is the only land my mind could
 Find, I did not know this was such a violent island
 Full of tital waves, suicidal crazed lions
 They're trying to eat me, blood running down their chin
 And I know that I can fight or I can let the lion win
 I begin to assemble what weapons I can find
 'Cause sometimes to stay alive you got to kill your mind

Am I the only one I know
 Waging my wars behind my face and above my throat?
 Shadows will scream that I'm alone
 But I know we've made it this far, kid
 Yeah yeah yeah!

And I will say that we should take a day to break away
 From all the pain our brain has made, the game is not played
 alone
 And I will say that we should take a moment and hold it
 And keep it frozen and know that life has a hopeful undertone
 (2x)

Am I the only one I know
 Waging my wars behind my face and above my throat?
 Shadows will scream that I'm alone
 But I know we've made it this far, kid
 Made it this far
 Made it this.
