

Twenty One Pilots - Redecorate

Intro: Gbm E E

Oh, oh, oh

Oh, oh, oh

Gbm
Taking inventory of his life

Seeing snapshots

Chronologically inline

E
Something told him he should look

Around and tidy up

He collected many things

But never quite enough

Gbm
Tried looking at it

From a new perspective

Flat on his back

But he still heard the directive

E
Orders from that corner

Where that shadow always lived

Never asked permissions

He just hopes that they forgive

A
I don't want to go like this

Dbm E
At least let me clean my room

A
I don't want to leave like this

Dbm B
'Cause the last thing I want to do is

A
Make my people make decisions

Dbm E
Wondering what to do, oh

A
Should they keep it on display

Or redecorate?

Gbm
Blankets over mirrors, she tends to like it

She's not afraid of her reflection

But of what she might see behind it

E
She had plans to change her name, yeah

Just not the traditional way, yeah

Gbm
Haunted by a couple big mistakes

She covers all the dents

With the way she decorates

E
Then one night she got cold

With no blankets on her bed

So she ripped them off the mirror

Stepped back and she said

A
I don't want to go like this

Dbm E
At least let me clean my room

A
I don't want to leave like this

Dbm B
'Cause the last thing I want to do is

A
Make my people make decisions

Dbm E
Wondering what to do, oh

A
Should they keep it on display

Or redecorate?

(Gbm E)

Gbm
With the bells

And the whistles scaled back

Like an isolated track

And he feels trapped when

He's not inebriated

E
Fair to say he's fairly sedated

Most days of the week

He might have made it if he lived

On a different street

Gbm
I repeat, scaled back and isolated

He says he likes an open schedule

But he mostly hates it

E
If you're running to his room

Take a breath before you break-in

Put your ear up to the door

Tell me can you hear him saying?

A
I don't want to go like this

Dbm E
At least let me clean my room

A
I don't want to leave like this

Dbm B
'Cause the last thing I want to do is

A
Make my people make decisions
