

Twenty One Pilots - The Hype

Tom:

Intro: D A E

Sometimes I feel cold, even paralyzed

My interior world needs to sanitize

I've got to step through or I'll dissipate

I'll record my step through for my basement tapes

Nice to know my kind will be on my side

I don't believe the hype

And you know you're a terrible sight

But you'll be just fine

Just don't believe the hype

Yeah, they might be talking behind your head

Your exterior world can step off instead

It might take some friends and a warmer shirt

But you don't get thick skin without getting burnt

Nice to know my kind will be on my side

I don't believe the hype

And you know you're a terrible sight

But you'll be just fine

Just don't believe the hype

(E)

No, I don't know which way I'm going

But I can hear my way around

No, I don't know which way I'm going

But I can hear my way around

No, I don't know which way I'm going

But I can hear my way around

No, I don't know which way I'm going

But I can hear my way around

But I can hear my way around

Nice to know my kind will be on my side

I don't believe the hype

And you know you're a terrible sight

But you'll be just fine

Just don't believe the hype

(don't believe the hype)

Nice to know my kind will be on my side

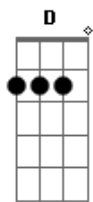

I don't believe the hype

And you know you're a terrible sight

But you'll be just fine

Just don't believe the hype
